Memories is all I have  
I'm happy I was born in the Promised Land  
Can't say the same for my family  
They was raised in the war body enemy  
Misery, explain it to me,  
How it is to fucking waking up with a hungry tummy  
Having no money, just living poor  
Can't imagine how it's like for a little boy  
Uh, to wake up in these circumstances  
His momma gonna die tomorrow, she got cancer  
Question mark, he needs an answer  
Cause the rest of his life is gonna be a ,.  
What?  
And this is making me appreciate  
The agony and sorrow while alleviate  
I gotta start the legacy and recreate  
Take care of my family like a man,

Chorus:

Yeah, I know what I want, so I gotta work every day  
Knowing nothing in this life is free  
I know what I need, so I gotta do what I have to

Life is dark and bad weather  
Sometimes I have to lie to myself to feel better  
Looking at the man in the mirror

It keeps reminding me reality is seen much clearer.  
I worked too hard and now I came about  
My life is been ok , got nothing to complain about.  
No, but I be sorry for a minute  
Why couldn't everybody just be winning, really, really?  
Really I kinda get it, the fittest will survive, but the weak  
won't  
It's ridicule! We really need to be realistic  
Million people dying from hunger, it's ,  
And we're supposed to,.  
A lot of people don' believe in God,  
And to me this is the craziest, that we don't even know  
this planet,

Chorus:

Yeah, I know what I want, so I gotta work every day  
Knowing nothing in this life is free  
I know what I need, so I gotta do what I have to  
I know Imma get my piece  
Yeah, I know what I want, so I gotta work every day  
Knowing nothing in this life is free  
I know what I need, so I gotta do what I have to  
Best believe Imma get my piece

I express myself with some aggression  
I'm grateful I had Paris to taught me some life lessons  
The essence to my madness is foolish  
I'm a.... and I know what I got, I ain't gonna lose it  
I ain't stupid, or maybe I got a,  
Because I talk to myself, you say I'm coo coo  
Whatever man, screw you  
I ain't trying to be somebody else just to move you!  
My momma said stay true  
And my daddy always shut it out be you!  
I ain't trying to be shallow, I'm trying to see through  
Had to get to money 'till money became lethal!  
Homie, I ain't trying to be a preacher  
I ain't trying to change, but money could change  
people!  
The story that every man is a savage  
I'mma get to pray, while I'm walking to Paris!

Chorus:

Yeah, I know what I want, so I gotta work every day  
Knowing nothing in this life is free  
I know what I need, so I gotta do what I have to  
I know Imma get my piece  
Yeah, I know what I want, so I gotta work every day  
Knowing nothing in this life is free  
I know what I need, so I gotta do what I have to  
Best believe Imma get my piece
