Yeah

This is the way, I've chosen to go (go)
And it lead to a miracle
All I wanna do is just ride 'n' ride with you
Again and again
Till death do us part
All I wanna do is just ride 'n' ride with you

Intro:

Yeah

Too much fighting over here
I think I gotta let you go?
I don't think I can do this anymore?
You listening?
Yeah

Verse 1 (KAS):

I can't think, my mind, it's so empty
God, you're making me so angry!
I wanna hurt you insanely, don't tempt me
You put the hate in my vain, ain't got it in me
'Cuz really you're getting me on my nerves 'n'
Why you gotta be jealous whenever I meet a girl
Girl, I need you to believe me 'cuz what you say is absurd
Is it 'cuz I'm greedy, I try to give you the world, so!
So what you got an attitude for?
Like you're wanting me to hate you, like an attitude whore
Leave me alone, it's no metaphor
'Cuz I don't wanna ride witchu anymore
It's over, I'm done, and I don't care
The love that we had wasn't that rare
I want outta this misery, I swear
I wish you would die so you would disappear

Chorus (Entady):

This is the way, I've chosen to go (go)
And it lead to a miracle
All I wanna do is just ride 'n' ride with you
Again and again
Till death do us part
All I wanna do is just ride 'n' ride with you

Verse 2 (KAS):

At the train station I see a couple of
Young lovers, but I don't wanna be sein' love
Long hugs, they got me thinkin' of you, and us
I'm so depressed! I'm really thinkin' of doin' drugs
And now I'm sittin' here, lonely & reminiscing
For a minute, what I did to you, really is unforgiving
I admit that I was lying, and I have never been trying
Love is strong, and it's supposed to survive
Through the dark times, and these deep matters
I just wanna seek answers
'Cuz I can be a weak bastard
Now I'm thinkin' about you every second, you had a sweet laughter
We really had some great hours
You never liked my fake flowers
I'm done being a coward
Yeah, so I gotta run to get what's ours

Chorus (Entady):

This is the way, I've chosen to go (go)
And it lead to a miracle
All I wanna do is just ride 'n' ride with you
Again and again
Till death do us part
All I wanna do is just ride 'n' ride with you

Verse 3 (KAS):

I'm running out of time, gotta get back
'Cuz I was out of line, I admit that
I've been outta my mind, I'm a sick cat
So, what if you're not alive when I get back?
Baby, I'm so alone, I was wrong
'Cuz I never realised what I had, till it was gone

Now come on, girl, I need you and I can never move on
So, I'm runnin' to my future 'cuz I just wanna go home
Huuuhhhhh, Now let me get a breathin'
And Imma stop screaming
Possessed by a demon
Can't remember the reason why I was leavin'
Can't forget you, you always been in my heart
And I know I shoulda said it from the start
This lovin' is true, real talk
Until this death do us apart
