One, two
One, two, three, four

What a perfect ending
To this film we are watching
?Cause she loves her boyfriend
Like he has loved his girlfriend

Just like the night sleeps on by
Just like the sun wakes the sky
They are so in love
Like we are so in love

So hug it tight and embrace it
Don?t let the world deface it
Just let it shout with amazement
As we dance tonight

Just like the cold becomes spring
Just like the perfect day dream
Just like your pretty eyes gleam
We are so in love, oh ho whoa
