Don't just, don't sit down
I'm wanting this to be
A super natural flood of life
And not just make believe

Singing about what's real to me
Gasping for air, trying to breathe
While being put down by me
While thinking

Oh, so hard to just stay alive
Treading over time while I'm slowly dying
I take one last breath
And one last prayer to survive

The waves, they break me, the air hits my face
My unthinking prayer, this new found grace
I swallowed the air, quick to erase
It's such a beautiful day

I was so alone
I was to myself
Thought I was on my way
But I was missing you

So make it up, break it up
Take this wherever you want
And I wanna go, so just stay this way
On this train on which I roll

No no no
Yeah
Do do do
Come on, come on, come on

I was so alone
I was to myself
Thought I was on my way
But I was missing you

So make it up
Break it up

Take this wherever you want
And I wanna go

Go go go
Yeah
