So we try and try all of our life
Working with such pride
Making cash just to survive

As we race and grade
And judge away other folks mistakes
Makes us good to feel that way

And don't you know, it never stops
Try to please the world to beat the ticking clocks
But I, I'm not letting it happen this time

No no, because, if you do not bail and you should bail
If this is a cure when I'm in this jail
But I, I'm not letting it happen this time

So I'll move to the other side of the block
So we won't ever have to stop
Making the rounds having the
Laughs singing the sounds of the laughs

And on the other side
Of the clock the power switch will be turned off
And all will be well and time will stand still
And I will be locked out from my jail
