Stop the press, everything a mess
You can look alive but you are not at rest
And I, ideas are flowing through your head
A million miles an hour while lying in your bed

A lucid life you never thought you'd lead
Are you working everyday?
Are you working just to bleed?
I know, I know, I know, I know, I know

You're staring at the names of the famed
That are dipped in gold
The feeling you deserve what you heard
But it doesn't go that way

Oh, the tongues of men and angels
I speak but lack love
Oh, love will it stab you in the back?

Working everyday
I'm afraid I forgot to show
What's most important, love

Here I am, dear Lord, tasting hints of fame
I don't want it anymore, if it's not you that I gain
Wanna fall at Your feet, don't wanna fall from Your
peace
I understand

Have you ever been the man that just ran
When you knew that God was talking?
Have you ever heard His voice through the noise
But just let it go away?

Oh, the tongues of men and angels
I speak but lack love
Oh, love will it stab you in the back?

How can I go with mine instead of yours
When yours is always right
I'm sorry just pour into me love

Here I am, dear Lord, tasting hints of fame
I don't want it anymore if it's not You that I gain
Wanna fall at Your feet, don't wanna fall from Your
peace
I understand

A heart at rest is harder now
Don't let it go away
A hard earned pay, a hard earned pain
Right now they're just the same

What's the use, why work so hard
When it's not what you crave
When what you need is love?

Here I am, dear Lord, tasting hints of fame
I don't want it anymore if it's not You that I gain
Wanna fall at Your feet, don't wanna fall from Your
peace
I understand, oh Lord

Here I am, dear Lord, tasting hints of fame
I don't want it anymore if it's not You that I gain
Wanna fall at your feet, don't wanna fall from Your
peace
I understand
