I saw you there,
Smiled at you you didn't care.
It's ok I'll get you soon,
After this sweet day I'll be with you.
Will it beat you up inside,
My loving kindness, open mind.
You should have said hello.
And when you see me there waiting,
you'll wonder where you have been.
I'll sit just right here sweetheart,
and I'll be here 'til the end.
The silence breaks,
you're always on my mind.
When I feel your gentle smile,
I see you with another guy.
I feel so unloved,
but that's too bad...
it feels like electricity. I saw you there,
I winked at you, you seemed to care.
It's happening, I'm leading her to be,
become just like me.
I know we're different in some ways,
but you've got to know not to run away.
I see you everyday, i know,
It's me, yeah I love you so,
And when you see me there waiting,
you'll wonder where you have been.
I'll say it's OK darlin',
and lets run away girlfriend.
The silence breaks,
you're always on my mind.
When I feel your gentle smile,
I see you with another guy.
I feel so unloved,
without you next to me...
it feels like electricity.
The silence breaks,
you're always on my mind.
When I feel your gentle smile,
I see you with another guy.
I feel so unloved,

without you next to me...
it feels like electricity.
its gonna be like this some day,
you and me were gonna run away,
its gonna be like this some day,
you and me were gonna run away,
Its gonna be that way,
were gonna run away,
its gonna be that way,
someday..
