And talk about me because
I've been everyday
And talk about me because
What you hope, you don't know hope about

Talk about me because
You believe everyday
I sing about me because
We come undone but they will come home

Just wait, wait
I will wait for you

This is a refuge and this is hope
This is a refuge and this is love
Forget lies that led you away from home
'Cause this is a refuge, this is love

And stay up all night and day
Just waiting on the rain
When you come down
It's desert dry but I will

Wait a second to see
Words that you promised me
We're seeking diligently
Bring the rain, bring the rain

I will wait, wait
I will wait for you

This is a refuge and this is hope
This is a refuge and this is love
Forget lies that led you away from home
'Cause this is a refuge, this is love

It's been a hard month and a week
Here we go again
It's breaking my heart
Looking for peace, looking for anything

But I will rely, I will repeat

Just in my everything
In you, it's in me
Yeah, yeah, yeah

This is a refuge and this is hope
Forget lies that led you away from home
And this is a refuge and this is hope
This is a refuge and this is love

I don't wanna look back on all my years
Of where collecting mistakes that then will be clear
That how [Incomprehensible] my whole life then come
aware
That I was there, I was there
