Some things, I should have known to see coming
And why is this such a burden and why can't I make it
real?
And it's funny, if I don't forget it'll kill me
So how can I skip the time I need, stuck to
remembering
?Cause I wanna and I need a

Waiting, waiting
I'm trying to get out, to get out but I'm locked right in
So take this, take this away from me
So I can live, so I can live

We all get there, years go by we forget to care
'Cause years went by and there's more to spare
[Incomprehensible]
And it builds up, wears me down, but it's not in us
My personalities colorless, becoming blunt to see
And I hate it, that I'm stuck here wasting time

Waiting, waiting
I'm trying to get out, to get out but I'm locked right in
So take this, take this away from me
So I can live, so I can live

Waiting, waiting
I'm trying to get out, to get out but I'm locked right in
So take this, take this away from me
So I can live, so I can live, so I can live
?Cause I need to live, ?cause I need to live
