Don't try to hide the mistakes I made this time  
But please try and listen  
'Cause I'm breaking my heart tonight  
So you can see what's inside

'Cause wherever you go, well that's where I'll go  
I'd do so much I'll show but you won't know  
So here's a song to show for the things I've blown  
But I'm sorry so that's the only way that I know

And all I've learned is what we hate, we make  
What we hate, we make  
There's no time for hating  
But what we hate, we make

Something's about to change  
'Cause I can feel it in my heart today  
And you know it's not the first time  
But I bet it won't be the same

'Cause right now I'm at an all time low  
So here's a song just so you won't go  
'Cause that's the only thing that I know

And I will start with a verse then a bridge, write a  
chorus  
So we can all sing along with everything we got  
Between you and me this song would be  
Written for us but I know that's not enough to say I'm  
sorry

What we hate, we make  
What we hate, we make  
There's no time for hating  
What we hate, we make

What we hate, we make  
What we hate, we make  
There's no time for hating  
What we hate, we make

What we hate, we make

What we hate, we make  
There's no time for hating  
What we hate, we make

And you will know what you will be  
Yeah, you will know what you mean to me  
Yeah, you will know that truthfully, I am sorry
