I should have seen the signs you showed me
So many times, in so many ways
On a never ending journey though the cold light of day
Cold light of day

I spent nearly all my time
Thinking I know you but I still got my doubts
Little things to try to work you out
Playing on my mind

Will you leave her now
Like you left me then
Just forgot and leave me
With just enough to start again
Start a brand new life
Maybe have some kids
Never facing facts and never looking back

How y' livin',
Are y' living your life
How y' livin'
Are you treating her right
How y' livin'
Are y' living your life
How y' livin'
Are you treating her,
Treating her right

I don't see you anymore
Heard you're married
But you never know
You've never married enough to not want to let them
go
You never fight enough to not want to fight no more
Just keep moving on,
Find another girl
Go out and party and make sure that she rocks your
world

How y' livin'
Are you living your life

How y' livin'
Are you treating her right
How y' livin'
Are you living your life
How y' livin"
Are you treating her,
Treating her right

How y' livin baby,
Have you done what's right
How y' livin baby,
Are you treating her right
How y' livin' baby
Have you done what's right
How y' livin' baby,
Are you treating her,
Treating her right

RAP: Haven't seen you for a while
Can I come over baby
Damm you're looking good,
What's happened to you lately
I've been cruising round, checking out the scene
Fancy seeing you, are you still feeling angry
Time to move on, make a little wish
I know I treated you bad
But I've grown up since
I want to make a change
Get it right with you
I'm begging on my knees
Have I moved a little too soon?
Have you got a man, does he treat you good
Do you feel the same now, are you still turned on?
A blast from the past, take a load off
You and me got a past that don't stop and won't stop
Pack your bags up, take a ride with me
In my black jeep we're going to get busy
I'm living right, without you is wrong
The sun don't shine if you're walking alone.

How y' livin'
Are you living your life
How y' livin'
Are you treating her right
How y' livin'
Are you living your life
How y' livin'
Are you treating her,
Treating her right

How y' livin' baby

Have you done what's right
How y' livin baby
Are you treating her right
How y' livin' baby
Have you done what's right
How y' livin baby,
Are you treating her right,

How y' livin'
Are you living your life
How y' livin'
Are you treating, treating her right
How y' livin' Are you living your life How y' livin' Are you
treating her, Treating her right.
