

A Rocket To The Moon "Five Four Three Two One"

I feel alone in a world full of strangers and I can't sit still

'Cause this has been eating me up for about seven months, but only five remain

This year has gone by and I haven't moved

I haven't said anything

The words can't find a way to leave my lips

Or leave me alone

Stay close, stay warm, stay here always

I want you, I need you

Just tell me you won't leave, for Heaven's sake

Will you just tell me?

I'm not the best at waiting, but I'll give it all I've got

I'm the best and worst idea I think you've ever had

Just incase you don't believe me

I have written everything on paper

Just prefer for you to say

What does that dumb word "love" mean anyway?

By the way I miss your eyes

I miss your smile and the way you used to wake me up

But now I'm falling down

Stay close, stay warm, stay here always

I want you, I need you

Just tell me you won't leave, for Heaven's sake

Will you just tell me?

I'm not the best at waiting, but I'll give it all I've got
