

A Rocket To The Moon

"Somebody Out There"

You deserve someone
Who listens to you
Hears every word
And knows what to do
When you're feeling hopeless
Lost and confused
There's somebody out there who will

You need a man
Who'll hold you for hours
Make your friends jealous
When he brings you flowers
And laughs when he says
"They don't have love like ours"
There's somebody out there who will

There's somebody out there
Who's looking for you
Someday he'll find you
I swear that is true
He's gonna kiss you
And you'll feel the world
Stand still
There's somebody out there who will

He'll take you dancing
And pull you in close
Spin you around
And won't let you go
Till they turn the lights off
And he'll take you home
There's somebody out there who will

There's somebody out there
Who's looking for you
Someday he'll find you
I swear that is true
He's gonna kiss you
And you'll feel the world
Stand still
There's somebody out there who will

Tossing and turning
And dreaming at night
About finding him
Praying and
Hoping you might
Cause you deserve someone who
Knows how to treat
You right

I know he's out there
He's looking for you
Someday he'll find you
I swear that is true
He's gonna kiss you
And you'll feel the world
Stand still
Oh, oh

You need someone to miss you
Hold you and kiss you
There's somebody out there
Who will
