

A Rocket To The Moon "Sometimes"

You're standing all alone,
Short of breath and tired eyes
You're shaking to the bone
Over dressed and nowhere else to go
Well girl I need to know
Let's get you from the cold
I'll help with your overcoat
Ill never let you go
I need you more than I could ever show you
Tell me now because I need to know

Everybody needs somebody sometimes
Everybody needs somebody on their mind
So tell me what you want, girl
I'll be there to hold you
'Cause every body needs somebody sometimes

Who are you?
I've never heard so many lies
So tell the truth
The only thing I ever wanted for you
Was to show you, I know you
So now you see
I finally found a part of me that you don't need
But needing isn't everything when you want love
And you want us
You need me
Everybody needs somebody sometimes
Everybody needs somebody on their mind
So tell me what you want, girl
I'll be there to hold you
'Cause every body needs somebody sometimes

So now you see
I finally found a part of me that you don't need
But needing isn't everything, you want love
And you want us
You need me, you need me

Everybody needs somebody sometimes (sometimes)
Everybody needs somebody on their mind
So tell me what you want, girl

I'll be there to hold you
'Cause every body needs somebody sometimes

Everybody needs somebody sometimes (sometimes)
Everybody needs somebody on their mind
So tell me what you want, girl
I'll be there to hold you
'Cause every body needs somebody sometimes
