(Intro)

Yea, bitches be jockin
But that ain't nothing at all
Eh we on

(Verse)

Sunny California, bad bitches and palm trees
Gucci belts, double cups, I'm buyin weed
Foxy em all and I blew bout 5 G's
Met a fine blonde haired, black, half chinese
She like hey lil daddy where you goin?
Aye what's your name cuz a nigga gotta know it
We could go now if you're all for it
Got my scattel at the crib and some kush, we could
blow it
The bitch say she love the way I lean
And how I sag in them 501 jeans
Chain shiny, wrist so gleam,
Go deep on that bitch, I ain't there ice skyin
We ain't gotta leave, take it to the Rolls
I'm a freak, I'll be here sober
I love your skin tone like brown mocca
Promise you gon love a nigga when I'm in the chocha

(Hook)

Bad bitches jock a nigga like every day
Fuck em good, kick em out but they wanna stay
Bitch holla at me on another day
Cuz a nigga getting money in a real way
Yea, bad bitches straight up jockin
Yea, bad bitches straight up jockin
Yea, bad bitches straight up jockin
This ain't new, man them hoes been jockin

(Verse)

Tell a bitch bounce that
Pauline, pull a stack out, I count that
Nigga talkin bout the pay, shit I doubt that
I only speak dollar sign, money where my mouth at
Hah, pimpin over here
Every dollar comin in, not given over here

If she ain't with the campaign I ain't fuckin with er
Sayin that she love me man, I tell er tell that to another
nigga
Cuz love can't pay a nigga bills
So if you really love me mami help me get a mill
And if it's really real help me get another one
If it ain't that I break her back and give it to another one
Hold up
K-Boy what's happenin?
These hoes here mane and they gone like magic
I'm a west side anger with a savage
Pimp talk, break a bitch like a bad habit
Wussup?

(Hook)

Bad bitches jock a nigga like every day
Fuck em good, kick em out but they wanna stay
Bitch holla at me on another day
Cuz a nigga getting money in a real way
Yea, bad bitches straight up jockin
Yea, bad bitches straight up jockin
Yea, bad bitches straight up jockin
This ain't new, man them hoes been jockin

(Outro)

Pimpin over here
Go deep on a bitch
