(Intro)

So can I hit it in the shower? Showerâ€¦!  
So can I hit it in the shower? Showerâ€¦!

(Verse)

Yea

Summer days in Miami, I met a Puerto Rican  
Ass like Cherokee, Hale Berry features  
I smoke weed and she said she was a slight drinker  
Need a out of town bitch so I might keep er  
Getting money, I'm hungry so shorty got away  
Threw her the key, told her meet me at room 48  
Hour later I come back to her in lingerie  
I'm X-Box Live with the dick so it's time to play  
She move that ass in the champagne thong  
I'm chillin on the linen, now she dance to Trey Songz  
Baby went wild when her song came on track  
2 love faces, you can't go wrong  
Into the bathroom, straight to the shower  
Bent to overhit it from the back for an hour  
She went to bed, yea baby she fast asleep  
Grabbed my keys, got dressed and it's back in the  
streets

(Chorus)

So can I hit it in the shower? Showerâ€¦!  
So go and just let me hit it  
I'm headin right back to the streets when I'm famous  
So can I hit it in the shower? Showerâ€¦!  
So go and just let me hit it  
I'm headin right back to the streets when I'm famous

(Verse)

Yea

I be sneakin and creepin so never love a bitch  
In the summer I'm stuntin, cuz to my sum 6  
Because I grew more accustomed, to touch the major  
chips  
Now I rent a room at the custom and take my favorite  
bitch  
I'm screaming hallelujah like it's Sunday

Lookin at the skyline and I'm on the runway  
Yea, sometime I sit down and I concentrate  
Having visions of money, it made me contemplate  
Now my visions of money it got me on the way  
Mommy couldn't deal with her feelings so she went  
astray  
How many hearts did I break, more than like caught  
away  
While she textin and callin I took her heart away  
Yea, that's just life in the big city  
Now she understand I'm big winnin  
And that's just life in the big city  
Now she understand that she fuckin with a big winner

(Chorus)

So can I hit it in the shower? Showerâ€¦  
So go and just let me hit it  
I'm headin right back to the streets when I'm famous  
So can I hit it in the shower? Showerâ€¦  
So go and just let me hit it  
I'm headin right back to the streets when I'm famous

(Outro)

So can I hit it in the shower? Showerâ€¦
