You're a cold blooded murder and I can't look in your
face

You're a cold blooded murder and I can't look in your
face

You got blood in your eyes, you got low down dirty
ways

Now you got me in between the devil and the deep blue
sea

Now you got me in between the devil and the deep blue
sea

When I try to love you, I keep tremblin' in my knee

You's a cold blooded murder, and I'm still in love with
you

You's a cold blooded murder, and I'm still in love with
you

We can't get together, no way I tries to do

Early one morning I asked you for your kiss

You took your big pistol, and knocked me to my knees

Early one morning, well I ask you for your kiss

You took your big pistol, and you knocked me to my
knees

All last winter I was sleeping by myself

You're gone big time and lovin' someone else

All last winter I was sleeping by myself

You're gone big time and lovin' someone else
