She was a january girl  
She never let on how insane it was  
In that tiny kinda scary house  
By the woods  
By the woods  
By the woods

Black-dove  
Black-dove  
You're not a helicopter  
You're not a por out either  
Black-dove  
Black-dove  
You don't need a pace ship  
They don't know you've already lived  
On the other side of the galaxy  
The other side of the galaxy  
The other side of teh galaxy

She had a january world  
So many storms not right somehow  
How a lion becomes a mouse  
By the woods  
By the woods  
By the woods  
By the woods  
By the woods  
By the woods  
But I have to get to TEXAS  
Said I have to get to TEXAS  
And I'll give away my blue blue dress

Black-dove  
Black-dove  
You don't need a pace ship  
They don't know you've already lived  
On the other side of the galaxy  
The other side of the galaxy  
The other side of the galaxy

But I have to get to TEXAS

Said I have to get to TEXAS  
And I'll give away my blue blue dress

She has a january girl  
She never let on how insane it was  
In that thing kinda scary house  
By the woods  
By the woods  
By the woods  
By the woods  
By the woods  
By the woods  
By the woods By the woods By the woods Black-dove
