Hey kid, I've got a ride for you  
They say your brain is a comic book tatoo  
And you'll never be anything

"What will you do with your life"  
Oh, that's all you hear from noon till night

Take a trip on a rocket ship baby  
Where the sea is the sky  
I know the guy who runs the place  
And he's out of sight

Flying Duchman, are you out there?  
Flying Duchman, are you out there?  
Flying Duchman, are you out there?

Straight suits, they don't understand  
She tried, that one with the alligator boots  
But the other side drew her in

Heart falling fast when she left  
Even the milky way was dressed in black

Take a trip on a rocket ship baby  
The sea is the sky  
I know the guy who runs the place  
And he's out of sight

Flying Duchman, are you out there?  
Flying Duchman, are you out there?  
Flying Duchman

Cause they can't see what you're born to be  
They can't see me

They can't be what they can't believe  
They can't see what you see

Keep the boys spinning in their own little world  
Time up and so we won't say a word  
They keep the boys spinning in their own little world

So afraid he'll be what they never were

Take a trip on a rocket ship baby  
The sea is the sky  
I know the guy who runs the place  
And he's out of sight

Flying Dutchman, are you out there?  
Flying Dutchman, are you out there?  
Flying Dutchman

Cause they can't see  
Cause they can't see  
Cause they can't see  
Are you still out there?

They can't They can't see They can't see they can't see  
feel me what I've found out you know you know  
you're jumping from a high jump  
Are you still They can't see and Hide your love hide your  
love  
out there ? I just move this So many know you know  
mountain but them, oh they can't see  
Cause they can't see

[The sequence at the end actually has three concurrent  
parts in the  
middle, right and left of the stereo image, which is why  
it scans a bit strangely written down]
