[spoken: "you do your thing"]

My Samurai said going to the sanctuary  
I knew about my la la la too  
my Samurai done making a liar of me when  
to be happy  
to be you  
he says

My Samurai take me down to the sanctuary  
and I'm free  
gonna be  
you know me  
you know me  
I said I'm gonna be  
gonna be  
you know me

My Samurai taking my face  
and she's sticking it on a daisy  
and you

[spoken: "I think I cut that one too. I get the Samurai  
book out and just read words"]
