Way to go Mr. Microphone  
show us all what you don't know  
centuries secret societies  
he's out commander still  
space dog

so sure we were on something  
your feet are finally on the ground he said  
so sure we were on something  
your feet are just on the ground girl

rain and snow  
our engines have been receiving your eager call  
there's Colonel Dirtyfishydishcloth  
he'll distract her good  
don't worry so

and to the one you thought was on your side  
she can't understand  
she truly believes the lies

Lemon Pie  
he's coming through  
our commander still Space dog  
lines secure Space dog

Deck the halls  
I'm young again  
I'm you again  
racing turtles  
the grapefruit is winning  
seems i keep getting this story twisted  
so where's Neil when you need him  
deck the halls  
it's you again  
it's you again  
somewhere someone must know the ending  
is she still pissing in the river now  
heard she's gone  
moved into a trailer park

so sure we were on something  
[so sure those girls now are in the Navy]  
your feet finally on the ground he said  
[those bombs our friends can't even hurt you now]  
so sure we were on something  
[and hold those tears cause they're still on your side]  
you feet just on the ground girl  
[don't hear the dogs barking]  
so sure we were on something  
[don't say you know we've gone Andromeda]  
your feet finally on the ground he said  
[stood with those girls before]  
so sure we were on something  
[the hair in pairs it just got nasty]  
your feet are just on the ground [and now those girls  
are gone]
