A thousand city streetlights
With nowhere to call my home
If I wasn't a dreamer myself
I'd be letting them carry me close

They were calling me in the night
I can still hear their screams
They were lost, haunted memories
Of their broken-hearted dreams

I don't know what to tell you
I've been lying in bed for weeks
Losing sleep over the idea
Of this ghost that still haunts me (x2)

Ghost of the past (Let's light up the night)
Don't let a single dream go unseen (x2)

It's time to say goodbye
And let me dreams carry me away
To a place I know, a place called home
These city streets of gray

I don't know what to tell you
I've been lying in bed for weeks
Losing sleep over the idea
Of this ghost that still haunts me (x2)

I can't ignore this
I've been dreaming of this for far too long (x2)

I don't know what to tell you
I've been lying in bed for weeks
Losing sleep over the idea
Of this ghost that still haunts me (x2)

That still haunts me
