"You Didn't Wait"

You didn't wait for me that day
You never took the time
You didn't wait to hear me say
What still was on my mind

You didn't wait to say hello
You never said goodbye (goodbye)
You didn't wait to let me know
The reason that you cried (you cried)

You didn't wait for me back then
Like all the times before
You didn't wait to see if there
Was just a little more

You didn't wait to close the door
And lock it hard behind you
You didn't wait to see if I
Would finally remind you

The door is closed the lights are out
The curtain has descended
There will not be another day
The waiting game has ended
