First things first my friend  
A change  
He says that words are meaningless  
Unless you wanted to  
You really wanted to sing the perfect song  
A song of love  
One to remind you of the  
True meaning  
Tommorow  
The day will bring you life he says  
The sun in him don't shine  
So i'm watching the morning sun rise  
Until your world descends  
Round and round and round you'll spin again  
Then suddenly you seem still  
Cause your hearts not filled  
Can you breathe if  
Every hearts broken  
Take my air to  
Seal all dispair  
So we can breathe tommorow  
Today will bring you life he says  
The sun in him don't shine  
So i'm watching the morning sun rise  
When you finally get across  
You can watch the path that rain has washed if  
someone asks where have i gone  
Tell them i'm at home
