Because you say it
Don't mean you mean it
Run away to find a home
Happy now, but you don't see it
Run away because
You're all alone

And you'll never know
What could have been
And you'll never see
What might happen
And you'll never know
What could have been
And you'll never see
What might happen

Dead inside
You wait for something
Innocence, lost so long ago
No one cares, so why should you?
Run away because
You're all alone

And you'll never know
What could have been
And you'll never see
What might happen
And you'll never know
What could have been
And you'll never see
What might...

Because you say it
Don't mean you mean it
Run away to find a home
Now I'll let you in
Yeah, I'll let you in

Yeah...

And you'll never know

What could have been
And you'll never see
What might happen
And you'll never know
What could have been
And you'll never see
What might happen

And you'll never know...
And you'll never know...
