The rain drops, pour off the roof again
They fall down, down, down upon me
I won't let it get me down
There's something for me here
I'm gonna give it one more try

Because I gave it all away
And I'm still standing
Threw my world away
I'm still standing
And I gave it all away
And I'm still standing

In the sky I feel, I feel disaster
Coming towards me
I won't let it get me down
There's so much life to live
I'm gonna give it one more try

Because I gave it all away
And I'm still standing
Threw my world away
I'm still standing
And I gave it all away
I'm still standing

The rain drops fall down

Because I gave it all away
And I'm still standing
Threw my world away
And I'm still standing

Sing me a hope song
And I'll sing with you
'Cause I gave it all away
And I'm still standing

I gave it all away
I gave it all away
I gave it all away
I gave it all away
