Nothing is right
Everything's wrong now
Where do I go this time

What do I try
No... I dont belong now
Where do I go

I need some kind of miracle
Someone to let me know
That they won't let go

I'm dieing inside
I've got to be strong now
Where do I go this time

I try to deny
That everythings wrong now
Where do I go

I need some kind of miracle
Someone to let me know
That they won't let go

While I lie awake at night
I want to see the light
A miracle

I'll bury it all
Deep inside myself
I'll hold it in

I'll be keeping the dark
Keep you far away
You wont get in

I feel that
Nothing is right
'Cause everything's wrong
Where do I go this time

Oh where do I go

Where do I go

I need some kind of miracle
Someone to let me know
That they won't let go

While I lie awake at night
I want to see the light
A miracle

[yeeeeaaaah]
While I lie awake at night
I want to see the light

Some kind of miracle.. yeah

While I lie awake at night
I want to see the light
