Touching your skin is a victory  
A revolution of hearts and minds  
When does a movement become a regime?  
When you're spies with the smiling eyes  
Call in the Secret Police  
Call in the Secret Police

What happened to the vision we had?  
This silence is a strangled cry  
(Call in the Secret Police)  
The freedom to say whatever we like  
Replaced with the recital of lies

With rock-set skin  
Mistrust and suspicion  
And to caress now our strange  
Hand in the night  
With manifesto reprise  
With secrets and lies  
A sleet of fear, a cold war  
Call in the Secret Police

What happened to the vision we had?  
This silence is a strangled cry  
(Call in the Secret Police)  
The freedom to say whatever we like  
Replaced with the recital of lies  
What happened to the vision we had?  
This silence is a strangled cry  
(Call in the Secret Police)  
The freedom to say whatever we like  
Replaced with the recital of lies

Don't make me disappear, I have not toed the line  
Don't make me disappear, I have not toed the line  
Don't make me disappear, I have not toed the line

It doesn't have to end like this  
It doesn't have to get like this
