Carol in black  
But she's never coming back  
It took somebody evil and a stab in the back  
We all broke down so quickly after she was attacked  
So he went home to cry  
What a way to say good-bye  
A funeral procession for a girl who should be living  
Loving life when she never did deserve to die

And in life she was the only one for me  
She always picked me up wherever I fell  
And since I know I'm never going to heaven  
At least I'll never have to see you in hell  
So I carol in black for her

Well my only friend is actually done  
It's times like these that make me wanna pick up a gun  
And shoot out the sun  
Shoot out the sun  
And cover the rays that stand for sunny days  
On rainy sundays people tell me I should go to Jesus  
Well God is there, but he'll never really ease the pain

And in life she was the only one for me  
She always picked me up wherever I fell  
And since I know I'm never going to heaven  
At least I'll never have to see you in hell

And on that morning I was mourning for her stolen life  
Black daylight crept across the sky  
The dark clouds crashed and thunder crashed and  
screamed and I heard her screaming  
I heard her screaming  
Good-bye

Angel above, sent from the sky  
You taunt me with your love and now you're waving  
good-bye  
God this is madness, yeah, you must be glad  
It's exactly what you planned  
You commanded my eternal sadness

What did I do to deserve such a reprimand

And in life she was the only one for me  
She always picked me up wherever I fell  
And since I know I'm never going to heaven  
At least I'll never have to see you in hell
