I come to life
I come to life
Yea, I come to life

I come to life when I'm driving, see the city lights
Got me slipping, not too much to start it like
Because the night is young, and I got spots to hit
Bitches to see and shit, shorty's body feverish
Perfected - welcome, bitches up to perfection
I'm destined, please don't try me, son - I'm bad, who tested
All these nobody names can't see my flow
You wouldn'ta thought it was legal, all the stour I blow
With a mami ridin' shotty cute as Gwyneth Paltrow
Son, I'm all about this money, every day I count mo'
Fuck a Facebook, nigga, I'm online bankin'
Fuck a Twitter follow, I'm paper chasin'
And never will you ever see a nigga slow down
Pretty bitches everywhere - baby girl, it's going down
It's the fast life, I ain't even talk, not eatin'
Eh, by an out fare but to start treatin'

I come to life in my fast fast car
Young life, can that ever be ours?
My Testarossa same color as Mars
Buckle up, you are now riding with a star
[x2]

I come to life
I come to life
Yea, I come to life
I come to life

Blood flowin, when I'm cruising give me a rush
Wanted me to go down, told er I just do it up
New York nigga, you can tell how my skin thick
Bustin down some fried rice and rib tips
Feelin 'bout my business, infamous, these niggas
ridiculous
Y'all just wanna start shit - my nigga, we finish it
So stop frontin' like y'all dudes can mess with me

I cut these fools like pizza pies with extra cheese
Make you a memory, have you laid out like the letter T
Never take my eyes off my enemy
Focused, when I'm in the room you feel my energy
Probably moving wrong if these haters ain't upset wit'
me
So I keep em fumin', you can see the girl in 'em
I tell 'em keep it moving 'fore we put them hollows in
'em
And ain't nobody see it, we do it on the low
Then jump in the whip - son, it's time to go

I come to life in my fast fast car
Young life, can that ever be ours?
My Testarossa same color as Mars
Buckle up, you are now riding with a star
[x2]

I come to life

I come to life
I come to life
Yea, I come to life
I come to life

I come to life!
