(Ouh ouh ah ah)
Do U, do U remember this dream
Taste in my mouth is a little bit obscene
There's a broken link

(Ouh ouh ah ah)

Are U, are U hurry to come back?
I've got always my first track
Altogether we are back

Yellow Place
And all my mates saved my face
When I was in disgrace
Yellow Place
And all my mates saved my face
When I was in disgrace

(Ah ah)

Get in, get in, get in my van
Direction for uncle Sam
Do you follow me?
I said thank you, thank you for the clash
Not for burning my precious cash
I'll find you at your stash

Chorus

(Ouh ah)
(Ouh ouh ah ah)
(Ah ah)
