Intro

This is a Kingdom banga!
Brap! It's the Chop Chop
It's time to bring that weight to the front
It's time to Chop it up, let's get it
Fo sho' we goin' just call this the Chop Chop
Big up Epiphany
It's the Chop Chop, (lets get it) It's the Chop Chop
Let's go

Verse 1

Hey! What does it take to make you (Chop Chop)
Maybe in the face of this weight will make you (Chop
Chop)
I ain't talkin' bout that weight that makes the cops
stop
I'm talkin' facts that push the wig back like drop tops
The world sleeps, they don't peep, Jesus is top notch
Me and my crew, we do, we give Him the top spot
He knock knocks, He's deep,
But invites us to jump in with both feet, like playin'
hop-scotch
The great faith we have, will address your mess to
make you better like
a great rehab
And it's His story, it goes back long before the scene
when the Lord
put a bunch of green all up in his forest
See why we Chop Chop, that means we chop it up
The truth we break it down, next thing we prop it up
Sometimes it's hard to eat that godly stuff, like the
Eunuch in Acts, but
like the Eunuch we ask to Chop it up

Chorus

Get ready, get ready your mind for the Chop Chop
It's comin' steady so it's time for the Chop Chop
It aint petty, I hope you're ready to Chop Chop
I know its heavy but daddy that's why we Chop Chop
Get His Word, Get His Word for the Chop Chop
'Cause it is perfect, perfect the Chop Chop

And we can search in His Word with the Chop Chop
It's the Chop Chop
It's the Chop Chop

Verse 2

Lets get it cipher I'm hype cause the Bible's comin'
out
I know you're crunk, but do you know the God you're
crunk about
(YOU)
You could Soulja Boy, you want me to Soulja Boy,
But when the music stops, and the dudes just drop, you
get so
annoyed
The whole front rows, eyes is glazed
As I try to convey the ??? or Imago dei
It won't get easier, when I breaking ecclesia down, but
you needed a
sound
I welcome y'all ??? for ya ground
Listen, my mission is fishin', after fishin' I'm
switchin' my hat does half

of da mission
The other half's in da kitchen
Preparing cats for da vision
The scripture that's what we're givin'
This nutrition is rich, if it's missin' that's bad for
the Christian
You come out lookin' sorta extra thin
Like spiritually your spirit feeds on only Dexatrim
Some people can helps us see when we're next to
dem
Our godliness can come out, when the text is in

Chorus

Get ready, get ready your mind for the Chop Chop
It's comin' steady so it's time for the Chop Chop
It aint petty, I hope you're ready to Chop Chop
I know its heavy but daddy that's why we Chop Chop
Get His Word, Get His Word for the Chop Chop
'Cause it is perfect is perfect the Chop Chop
And we can search in His Word with the Chop Chop
It's the Chop Chop
It's the Chop Chop

Verse 3

I preach the fully God and fully man
I'm up in Philly, but it really doesn't matter where I
go, I'm like a bully
man

Some say simmer down (Chill)
Like the winta ground, spill dat real dat raw let sin
abound
Be practical, don't have the Lords hand in it
You'd see plaques if you just had it more man centered
(man centered)
Anybody can tell you hardly goin' sell, unless you
wise up and put your
God in a shell (see)
I hate this, I take this, I shake this off
We can take a little weight, if He can take His cross
We can turn, let the midnight oil just burn
We can hit them scriptures, we can toil and turn

Chorus

Get ready, get ready your mind for the Chop Chop
It's comin' steady so it's time for the Chop Chop
It aint petty, I hope you're ready to Chop Chop
I know its heavy but daddy that's why we Chop Chop
Get His Word, Get His Word for the Chop Chop
'Cause it is perfect, perfect the Chop Chop
And we can search in His Word with the Chop Chop
It's the Chop Chop
It's the Chop Chop

Outro

Ain't no excuses no more
You can't run
If it's too weighty
Get the Chop Chop, get the Chop Chop
????, gotta break it down, bite size pieces
Whoa...don't forget it's the Chop Chop
