Just respond to what I say
This is just not the right way
I don't want any bad blood with you

You don't need to be so silent to me
You're everything a girl could be now...
Just say anything
Reply to the things I say
Are you there to ignore
Or do you just have bad ears

Just respond to what I say
This is just not the right way
I don't want any bad blood with you

I don't want anything like an argue
Cause' I just want to be with you now...
Just say anything
Reply to the things I say
Are you there to ignore
Or do you just have bad ears

Just respond to what I say
This is just not the right way
I don't want any bad blood with you
Just be what you've always been
And I'll erase all my old sins

Let it start again
Just say anything
Reply to the things I say
Are you there to ignore
Or do you just have bad ears
I don't want any bad blood with you
I don't want
I don't want
I don't want any bad blood with you
