You've got a bleeding heart
You didn't need to care about me
You could've left me there free
If you didn't have that mercy
You could've saw what I could've been

I'm beginning to regret
From how it all began
When you saw me
With a nice big smile

I really don't want to say this
But you've got a bleeding heart
And it's bleeding way to strong
I could've been alone
Without any good help
Whoa, I've gotta say it's true
You've got a bleeding heart

I'm beginning to think
If you're really okay
As you say it is
I could've been alone

How the people see
The layed down ones
On the street

I really don't want to say this
But you've got a bleeding heart
And it's bleeding way to strong
I could've been alone
Without any good help
Whoa, I've gotta say it's true
You've got a bleeding heart
I thought it was supposed to be

Whoa, I really need to say this to you
And warn this to you
To throw away that bleeding heart
You need to

Throw away that bleeding heart
I need to tell you to
Throw away that bleeding heart
I don't want to see it
And this is the last time I'm gonna say it
To throw away that bleeding heart
