Everyday is another mistake for you  
Everyday has a new pain for you  
Why can't you say everything's wrong?  
(You know there's no bright tommorow)  
Everyday is gonna hurt  
(And bring you down where you can't go up)

Why can't you just break!  
Break it down  
Break everything you know  
You know you're right  
Break to free  
Your way to another life is just to break!  
Break it through  
Break everything you see  
Break your darkness  
Break this path that you've always been moving on

Everyday pushes you to the edge to fall  
Everyday makes your life so wrong  
Why can't you say everybody's wrong?  
(You know there's no bright tommorow)  
Everyday is gonna kill  
(And bring you down where you can't go up)  
(And bring you down where you can't see light)

Why can't you just break!  
Break it down  
Break everything you see  
You know you're right  
Break to free  
Your way to another life is just to break!  
Break it through  
Break everything you know  
You know they're wrong  
Break your darkness  
Break this path that you've always been moving on

You know they're not gonna listen to you  
Why be in the shadow?  
Why hear all these hallows?

Why can't you just say you're right  
Just step one step closer  
To get out from the blackness

Just to step out  
Why can't you just break!  
Break it down  
Break everything you see  
You know you're right  
Break to free  
Your way to another life is just to break!  
Break it through  
Break everything you know  
You know they're wrong  
Break your darkness

Just break!  
Break it all (Break! )  
Break everything you see (Erase it all)  
Break your shadows (Start again)  
Break your darkness (Break! )  
Break it down (Break it down! )  
Say they're wrong and break it
