It's another day starting light
It might end dark, I know that's right
But even so, I have the time, I have the chance
I have all my hope and all enhance
Live right now before it glooms
Don't look down, I'm still in bloom

Gonna' be on the bright side
Just to stay in this light ride
(X4)

Gonna' be on the bright side, the bright side...
Just to stay here, in the light ride, to stay in the bright
side

Thinking down, that's so much dumb
Tears blocking senses, making me too much numb
What's the point, let me join, this riot
I'll put my mind, and sit right there beside it
Stand right here before I gloom
Don't look down, I'm still I'm bloom

Gonna' be on the bright side
Just to stay in this light ride
(X4)

Gonna' be on the bright side, the bright side...
Just to stay here, in the light ride, to stay in the bright
side

[SOLO]

You say it's true, you look down at me
Your mind is blue, thought I couldn't see?
But I can stand any time, leaving all your expectation
And I stay right here, stay right here, to look up, not
down

Gonna' be on the bright side
Just to stay in this light ride
(X4)

Gonna' be on the bright side, the bright side...
Just to stay here, in the light ride, to stay in the bright
side

Yeah, yeah, on the bright side
And oh yeah, gonna' go on the light side
Oh no, oh no, oh no, oh no, oh no...
