I should've told you
Things that you see and feel
They're all gone, and they're not real
It's been a long time
I thought you needed me, it's not easy

Now time is just a waste
Because we've lost the taste
Of living without eachother
And life is hard without you
It doesn't have any color
The time with you is the best I ever knew

You swore that you'll stay
You wore a smile, maybe it was fake
Your eyes were gentle, they lighted my life
Life is so dark when it has no light
Can't you stop my heartache it doesn't feel alright
I want to, but I can't burn your picture

I wished another
Patience will bother
You've went so far away
I have no one else to say
To say yes, to say no
To say goodbye, to say hello
Now I live with your pictures

Now time is just a waste
Because we've lost the taste
Of living without eachother
And life is hard without you
It doesn't have any color
The time with you is the best I ever knew

You swore that you'll stay
You wore a smile, maybe it was fake
Your eyes were gentle, they lighted my life
Life is so dark when it has no light
Can't you stop my heartache it doesn't feel alright
I want to, but I can't burn your picture

Can you come back now
I've start to learn how
One thing I can't stop, this heartache
It doesn't feel alright, I want to break
I want to, but I can't your picture

Can you come back now
I've start to learn how
One thing I can't stop, this heartache
It doesn't feel alright, I want to break
I want to, but I can't your picture

Can you come back now
I've start to learn how
One thing I can't stop, this heartache
It doesn't feel alright, I want to break
I want to, but I can't your picture
I can't but, I want to, I live with your pictures
