I'm gonna' tell you what I want  
If you wanna' know what I want  
I'm gonna' tell you everything  
You wanna' know everything?

It started when I looked at you  
You gave me what it cost, your scary frown  
I knew it would all be lost, I knew you'll let me down  
So that's why the next time I came around  
I needed to take my face back

I know it might be wrong  
I know it might be wrong  
I know things were coming along  
But I'm ending, I'm ending this  
I'm ending, I'm ending with a bitter kiss  
I'm gonna' tell you what I want  
If you wanna' know what I want  
I'm gonna' tell you everything  
You wanna' know everything?  
Well I want you to come back  
I want you to forgive and come back

It started when I was in silence  
You speak to me, you just give me something like hope  
I knew it was a lie, it was just the time you called me  
dope  
I've lost my hope, and it'll never come back  
I want it all back, I want you back

I know it might be wrong  
I know it might be wrong  
I know things were coming along  
But I'm ending, I'm ending this  
I'm ending, I'm ending with a bitter kiss  
I'm gonna' tell you what I want  
If you wanna' know what I want  
I'm gonna' tell you everything  
You wanna' know everything?  
Well I want you to come back  
I want you to forgive and come back

I'm gonna' tell you something  
I'm gonna' tell you something  
I wanna' tell you something  
Come back, come back  
And even when it's coming down now  
I have my reasons to show how  
Even when this all comes down  
I have my reasons to come around

I'm gonna' tell you what I want  
If you wanna' know what I want  
I'm gonna' tell you everything  
You wanna' know everything?  
Well I want you to come back  
I want you to forgive and come back
