We might just be alright
And if it was wrong, I'll try to fight
All I want from you
Is just to keep me awake

Dreaming of you, or being with you
It might not change, but I want it true

I don't want to sleep when I'm with you
I don't want to miss the moment
One time might be not enough
But today I'll stay awake
Cause' I've gotta promise to make

So now I can see your face
Although it might not fit your pace
For all the time I've stayed alone
Let's come along

I hope you won't mind
But atleast I can keep you tight
And I don't need to sit alone
I'm not alone anymore

I don't want to sleep when I'm with you
I don't want to miss the moment
One time might be not enough
But today I'll stay awake
Cause' I've gotta promise to make

I won't meet you everyday
But I'll never be far away
I won't meet you everyday
As long as I have something to say
Although I might sit alone
But I'm not alone anymore

I don't want to sleep when I'm with you
I don't want to miss the moment
One time might be not enough
But today I'll stay awake

Cause' I've gotta promise to make
