You were my flower, you were my dear
You floated like a feather, and soon disappeared
I am not, worth your time
No I don't, worth you time
I wish I did, worth your time
I wish I did, worth your time

I close my eyes, and start to breathe
Accept this moment, so I can believe
And it's not a lie, I'm not deceived (I'm not deceived)
I won't fall and stay, I'll try to relieve
Because you're gonna leave, you're gonna leave
But let me say to you
You're the only thing I can't go through
And you know that

You put me in clover
I didn't want it to be over
I'm not going to accept anything
I'm covering this with my words
We used to be all together
But together was when I said the truth
And I can't be honest anymore
I want to back to before
(I had my head over my heels)

We just wanted to break the ice
It ended by now, now I have no dice
You put me in clover
I didn't want it to be over
I'm not going to accept anything
(I'm not putting my head over my heels)

I can't take biting this bullet
I just can't, when I need to accept this moment
Almost forgot I had no replacement (No replacement)
I've lost emotions, I must be sober as the judgment guy
Because you're gonna' leave, you're gonna' leave
But let me say to you
You're the only thing I can't go through
And you should remember that

You put me in clover
I didn't want it to be over
I'm not going to accept anything
I'm covering this with my words
We used to be all together
But together was when I said the truth
And I can't be honest anymore
I want to back to before
(I had my head over my heels)

And nothing worthes anymore
You put me in clover
I didn't want it to be over
I'm not going to accept anything
Even if I had to

All these things I've done to you
All the blood and sweat, all the tears
All the words, and all the time

You were my flower, you were my dear
You floated like a feather, and soon disappeared
I am not, worth your time
No I don't, worth you time
I wish I did, worth your time
I wish I did, worth your time

[Solo]

You put me in clover
I didn't want it to be over
I'm not going to accept anything
I'm covering this with my words
We used to be all together
But together was when I said the truth
And I can't be honest anymore
I want to back to before
(I had my head over my heels)

I had my head over my heels

We just wanted to break the ice
It ended by now, now I have no dice
You put me in clover
I didn't want it to be over
I'm not going to accept anything
(I'm not putting my head over my heels)

La-la-la la, la, la la
La-la-la la, la, la la

(Come on!)
La-la-la la, la, la la
(We were always into the night
Now it ended to an every day fight
Can I follow you?
To some where new
Why are we laughing?
We were trying to argue
We were always into the night
Now it ended to an every day fight)
La-la-la la, la, la la
La-la-la la, la, la la

I have my head over
(La-la-la la, la, la la)
You put me in clover
(La-la-la la, la, la la)
You were flower
(La-la-la la, la, la la)
You were my clover
(And now I have my head over heels)
