"Hello Goodbye"

Visit "[Hello Goodbye](#)" on MotoLyrics.com

I say hello, you say good bye
So I stay alone, but you come again
I've just said no, you still say yes
You act like you know, it's anyone's guess
I warn ya' to stop, but you carry on
You wait till' the shoe drops, and then you were gone

I can only say hello, there is no goodbye
You don't say hello, you only live a lie
We won't say hello, there's only empty conversations
Nothing to say, no more hellos
Nothing to say, no more goodbyes

I say hello, you say goodbye
There's nothing more, but to make a lie
You'll find out, words will strangle me
You made me doubt, but now I can't see
There's no more hellos, cause' there's no goodbyes

I come, I go, everytime it flows
You go, come back, you step on my toes
It hurts, it bends, but not as before
Nothing will hurt, when there's no goodbyes
There's no more goodbyes, cause' there's no hellos

I can only say hello, there is no goodbye
You don't say hello, you only live a lie
We won't say hello, there's only empty conversations
Nothing to say, no more hellos
Nothing to say, no more goodbyes

Why did I say hello, that day
It would all come back, in a fray
We come back in a hello, goodbye
Nothing is changing
Hello, goodbye, nothing is changing
Hello, goodbye, nothing is changing
Hello, goodbye, nothing is changing
Hello, goodbye, nothing is changing
Hello, goodbye, nothing is changing
