Because you say, don't mean you mean it,  
Run away to find a home,  
Happy now, but you don't see it,  
Run away because you're all alone.

And you'll never know, what could have been,  
And you'll never see, where i've been,  
And you'll never know, what could have been,  
And you'll never see, where i've been

Dead inside, you wait for something,  
In a sense, lost so long ago,  
No one cares, so why should you?  
Run away cause you're all alone,

And you'll never know, what could have been,  
And you'll never see, where i've been,  
And you'll never know, what could have been,  
And you'll never see, where i've been

Because you say, don't mean you mean it,  
Run away to find a home,  
Now I'll let you in, yeah, I'll let you in,  
Yeah.

And you'll never know, what could have been,  
And you'll never see, where i've been,  
And you'll never know, what could have been,  
And you'll never see, where i've been

And you'll never know  
And you'll never know
