I'm just a boy, I don't possess any power
I'm just a boy, all I had was a dream
And it's lost, when I show my tears
And it's lost, when I see all my fears

I'm just a boy, I never had authority
I'm just a boy, lost in the fake reality
And it's lost, when I throw myself
And it's lost, when I scream for help

I'm just a boy, I have no talent
I'm just a boy, but I have no effort
I deserve this all, don't come near me
I'm ready to fall, ignoring the walls to see

[Piano & Guitar Solo]

Sometimes when I look you in the eyes
Sometimes I find those lies
You look down with the eagle's eyes
My stress aren't just desperate sighs
It's still just a chance that it could be
It may be wrong, but I want you to see

But I'll stay the same, keeping your name
I won't care if I fall to hell, I knew you so well
I don't regret my last day of life
It's still just a chance that it could be
I'll keep my hands, until I see
(That won't come, it'll never come)
But I won't fall in the middle
Until I see my next move, love is just a riddle
(I love you, I love you)

Though I'm just a boy, that can't fight his dreams
Though I have nothing, it's not a shame
(Though I miss you, although I see you every day)
When I see, then let's start the game
And I'll call your name
(All my wonders, all my agitated time)
Though I'm just a boy, I'll wait for a chance

It's still just a chance that it could be
It may be wrong, but I want you to see
But I'll stay the same, keeping your name
I won't care if I fall to hell, I knew you so well
I don't regret my last day of life
It's still just a chance that it could be
I'll keep my hands, until I see
(That won't come, it'll never come)
But I won't fall in the middle
Until I see my next move, love is just a riddle
(I love you, I love you)

Next time, I'll see you at a different time
Next rhyme, I'll sing this song to you anytime
Just to see, if you'll care a thing of me
Just to see, if this was the right chance to say
You can't let me down, I'll come another time around
Whatever rules, whatever times to past
It's still just a chance that it could be
It may be wrong, but I want you to see

But I'll stay the same, keeping your name
I won't care if I fall to hell, I knew you so well
I don't regret my last day of life
It's still just a chance that it could be
I'll keep my hands, until I see
(That won't come, it'll never come)
But I won't fall in the middle
Until I see my next move, love is just a riddle
(I love you, I love you)

I'm just a boy, I don't possess any power
I'm just a boy, all I had was a dream
And it's lost, when I show my tears
And it's lost, when I see all my fears

I'm just a boy, I never had authority
I'm just a boy, lost in the fake reality
And it's lost, when I throw myself
And it's lost, when I scream for help

I'm just a boy, I have no talent
I'm just a boy, but I have no effort
I deserve this all, don't come near me
I'm ready to fall, ignoring the walls to see

But a wall to cross with you
Another wall to block the way
But there's still a chance, you won't let me down
