do you see Him coming?  
did you hear the cries?  
of the Holy Scary Drifter  
with fire in His eyes?  
look around, He's coming back for you  
feel the wind is rushing,  
tearing through the sky  
see the clouds are forming,  
His glory's passing by  
join with angels all you sons of men  
and let us sing...

let the earth, and all that is in it  
clap our hands, and shout out loud  
with all of our voices singing  
glory to the Holy Lamb of God  
the earth will shake, nations tremble  
mountains melt, before our God  
living creatures will proclaim  
glory to the Holy Lamb of God
