Featuring Lex & Easy Money

(Intro)

Uh

Please don't get offended

Uh

Yo

(Verse)

I'm out this world, pockets stuffed with moon rocks

I'm getting love from girls way out in the boondocks

Chickens jackin, when they spot me say it's been a while

She said you haven't called since the night you put it down

Said do I know? She threw her drink at me, walked away

I guess I smashed it, don't remember, I'm so fucking blazed

Oh well, another day, another moly popped

I got these girls lining up like a trolley stop

Please don't get offended, this ain't meant to hurt your pride

I believe in love and all that shit you bottle up inside

But truth is we both young and we ruthless

Addicted to the fast life, looking for that new shit

(Bridge)

All she wanna do is find the right man and

All I wanted was a one-night stand but

She got sprung so she call me when she can

Said I'm bout to catch a flight, let me hit you when I land

(Hook)

I told her love is blind, love is blind

Girl if you think about it, it be fuckin up your mind girl

Love is blind, love is blind

Get you mind off them niggas, promise you'll be fine girl

(Verse)

Ayo love is blind, eyes covered up all the time  
You think they dimes? But they really just nickels up in  
the skies  
Fuck these augmenting lies, too exhausting for the  
mind  
Pull the opposites I swear, it's like we politics in crime  
She's that artificial kind, body's covered in designer's  
Sick of bitches, yall perfect one's impossible to find  
One with confidence and spine, only bitching when it's  
time  
And when it's done she ain't opposed to let me hit that  
from behind  
But I'm blindfolded, it's no vision of what my heart fien  
Ex send me texts, she know how to make a star screen  
Cut that bitch off my scene, replace her with some dark  
queen  
Then we making love to music, played off Cupid's harp  
string  
This is crazy, baby Venus versus Mars  
Penis versus bra, especially if you meet em at the bar  
In this battle of the sexes, people always leaving scars  
We ain't tryna find no bitches bro, we happy how we are

(Bridge)

All she wanna do is find the right man and  
All I wanted was a one-night stand but  
She got sprung so she call me when she can  
Said I'm bout to catch a flight, let me hit you when I  
land

(Hook)

I told her love is blind, love is blind  
Girl if you think about it, it be fuckin up your mind girl  
Love is blind, love is blind  
Get you mind off them niggas, promise you'll be fine  
girl

(Verse)

You only got me for the evening, you're not even a one  
night stand  
Notice my bed only got one nightstand?  
I sleep alone, not really, I keep the chrome  
But under that same pillow you thought you was  
sleeping on  
Mammy you found yourself a winner here  
You say your man the illest thug in the hemisphere  
I drove the steel, bet the only thing that I'mma sense  
from hemisphere  
He put fear in us so I gotta interfere  
I give her more weed, more liquor, mory

But I tape her in case she try to take me to mory  
Ain't no rubbers, I'm sprayed every slut's face up  
With this dick I'm doing airbrush make-up  
Burn money, that's how me and Kali be  
But these bitches only go and burn weed and calories  
We work em out like a personal trainer  
If not we just call another person a trainer
