You were at the pool, lying in the sun  
And I felt like it was just love at first sight  
And it's all because of you, and if you only knew  
Just let me be your only one tonight

You and I, the beach, the sun, forever  
And it feels so right  
You and I, the best time of my life

Can you feel the love tonight, the summer keeps us  
living  
Can you feel the love tonight, the sky is not the limit  
No no, no no

I'd like to tell you, my heart is open now  
I wanna touch you, to make you realize  
That tonight we're going to heaven  
Tonight we're coming together  
Tonight I've waited for your kiss, once again

You and I, the beach, the sun, forever  
And it feels so right  
You and I, the best time of my life

Can you feel the love tonight, the summer keeps us  
living  
Can you feel the love tonight, the sky is not the limit  
No no, no no

(Feel the love)

You and I, the beach, the sun, forever  
And it feels so right  
You and I, the best time of my life

Can you feel the love tonight, the summer keeps us  
living  
Can you feel the love tonight, the sky is not the limit  
No no, no no

You and I, you and I [x2]

You and I, the best time of our life
