Don't act like she is just a friend  
You got way too comfortable  
Got busted and now I know  
But I don't feel like I gotta just pretend  
What I know I can't ignore don't act like she's a friend  
there's something  
More.

And I don't believe you  
I don't believe you no no  
I don't believe you

Verse 1  
You must think I'm stupid  
I wanna know her name  
She is not the problem baby  
You're the blame

Don't even look confused  
Caller ID already broke the news

And I read the text  
Going out to dinner  
Can you say what's next

Why you in a rush  
Gimme my car keys  
You can take the bus

B-sec  
Now, now I hear you say  
Way back in the day  
She was just some girl you knew but you know I don't  
play  
Why the second phone guess you should know I'd find  
out now your cover's  
Blown

Verse 2  
This really crazy  
And I'm so annoyed

You try to paint the picture that I'm paranoid

Can ya face the fact  
You got caught baby in the act  
And you played the role  
Of the nice guy but it just got old  
Here is something new  
You can stay with her cuz right now we're through

What ya gonna say now  
No apology how  
How can you make it up to me  
I don't like what I see
