How long have you been in this place?
You've got a chain on my heart
I'll move in closer, just incase
You turn away and depart
I didn't know I could feel this way

But I don't even know your name
And when will I see you again?
I don't even know your name

I don't even know your name

Let the drinks flow
Drink some more
Now we're alone

Let the drinks flow
Drink some more
Now we're alone

Now I know you better
Now our lips are wetter
Still I don't even know your name
