Who knows when lust turns into love?
God knows and he keeps it from me

Don't be afraid, to say what's on your mind
Unzip your heart; reveal the inside

Now look at us, from a single kiss
I told myself that I'd never fall in love
Now look at us, from a single kiss
Coz here I am and I'm in love...

I've never felt this way before
Your electricity it makes me feel alive
It is the feeling I live for

I've never felt this way before
Your electricity it makes me feel alive
It is the feeling I live for

Everyone knows that I've got you
Jealousy fills the room
So they just stop and stare

I can't believe you're mine
You're standing by my side,
You know this feels right

Feel our heart beat chest to chest tonight
Feel our heart beat chest to chest tonight

You feel my heartbeat; I feel your heartbeat

Now look at us, from a single kiss
I told myself I'd never fall in love
Now look at us, from a single kiss
Coz here I am and I'm in love...

I've never felt this way before
Your electricity it makes me feel alive
It is the feeling I live for

I've never felt this way before
Your electricity it makes me feel alive
It is the feeling I live for

I've never felt this way before
Your electricity it makes me feel alive
It is the feeling I live for

Who knows when lust turns into love?
God knows and he keeps it from me....
