VERSE 1:

I watch in anguish this MTV
The failure of commitment to society
This nation of freedom still fails to see
This situation of immorality
I watch the world slowly choke and die
While these TV shows still try to deny
Pulling me down onto my feet
To beg for freedom I will not be beat

CHORUS:

Circuits of failure (Micah) of the worst kind
Circuits of failure (Micah) robbing us blind
Circuits of failure (Micah) of the worst kind
Circuits of failure (Micah) roam inside our mind

VERSE 2:

I gaze towards cheap transparent glass
To see lost memories of the distant past
False idols worshiped by the mass
But their temporary glory will not last
I stand in shame hardly watching this
this stupidity is never dissed
Truly hoping for a sudden end
All this failure, when did it begin?

CHORUS:

Circuits of failure (Micah) of the worst kind
Circuits of failure (Micah) robbing us blind
Circuits of failure (Micah) of the worst kind
Circuits of failure (Micah) roam inside our mind
